

DESCRIPTION

Article PSP 65-550 Thermo pants is made of 100% polyester and equipped with 160 g quilted polyester padding. This makes these pants extra comfortable in cold work conditions with good wearing comfort.

These navy thermal pants have stitched seams and the ankle cuffs have elastic tricot. The pants also feature a waist with elastic waistband and two side pockets.

The PSP 65-550 Thermal jacket is an excellent match for these pants.
